## JVC-Quality Vandal Protection

**Robust Dome Cover:** Using polycarbonate, a material offering superior intensity, it remains damage-free against strong shocks of over 50J\*.

**Robust Body:** Using die-cast aluminum for main unit, it assures complete vandal proofing.

**IP66 compliant:** Designed to protect from water and dust, it's suitable for outdoor installation.

\* "J" stands for "Joule" which is the energy exerted by a force of one Newton acting to move an object through a distance of one meter.

## RCA Monitor Output for Quick Installation

An external monitor can be connected via the RCA jack. You can easily check the camera angle on the spot during or after installation.
